

**SOFTWARE LICENSE AGREEMENT
FOR NON-COMMERCIAL RESEARCH USE OF
Synthetic Duplicator Engine for Static Signatures**

Effective as of date:

Instituto Universitario para el Desarrollo Tecnológico y la Innovación en Comunicaciones (IDeTIC), , Universidad de Las Palmas de Gran Canaria, having offices at c/ Juan de Quesada, 30, E35001 Las Palmas de Gran Canaria, SPAIN, (hereinafter "LICENSOR") and

Affiliation of LICENSEE: _____

having offices at

Address of LICENSEE: _____

(hereinafter "LICENSEE"), in consideration of the mutual covenants contained herein, the parties, intending to be legally bound hereby, hereto agree as follows:

(hereinafter "LICENSEE"), in consideration of the mutual covenants contained herein, the parties, intending to be legally bound hereby, hereto agree as follows:

1. LICENSOR developed certain valuable intellectual property, known as the **Synthetic Duplicator Engine for Static Signatures**, and desires to grant a license to LICENSEE. LICENSOR does not warrant to LICENSEE for the software.

2. Subject to the terms and conditions of this Agreement, LICENSOR hereby grants to LICENSEE for non-commercial research use only, for an initial period of 2 years starting at the effective date above mentioned renewable upon the discretion of LICENSOR, a royalty-free, nonexclusive, nontransferable, license subject to the following conditions:

2.1 The Software is only for the non-commercial research use of LICENSEE and, in a need-to-know basis, of those direct research colleagues who belong to the same research institution as LICENSEE and have adhered to the terms of this license.

2.2 The Software will not be copied nor distributed in any form other than for backup of LICENSEE.

2.3 The Software will only be used for research purposes and will not be used nor included in commercial applications in any form (e.g., original files, encrypted files, files containing extracted features, etc).

3.4 Any work made public, whatever the form, based directly or indirectly on any part of the software will include the following references:

Moises Diaz-Cabrera, Miguel Ferrer and Aythami Morales Moreno, "Cognitive Inspired Model to Generate Duplicated Static Signature Images", 14th International Conference on Frontiers in Handwriting Recognition, pp. 61-66, 2014. doi: 10.1109/ICFHR.2014.18

3.6 Two years after the EFFECTIVE DATE, in case the license agreement is not renewed by both parties (LICENSOR and LICENSEE), the license will expire and LICENSEE shall permanently destroy all copies of the SOFTWARE.

4. This Agreement shall be interpreted, construed and enforced in accordance with the laws (both substantive and procedural) of the Las Palmas de Gran Canaria, Spain, without regard for, or application of, the conflict of laws principles.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement in duplicate originals by their duly authorized officers or representative
